WPX60-DG

WPX60-BK

WinnProX uses a less tapered profile than traditional designs to eliminate wrist movement during the stroke while still delivering that comfortable, tacky feel you've come to expect from Winn. WinnLite Technology is also utilized to minimize grip weight, enhance clubhead feel and provide stability during the putting stroke.

Dynamic elastomer crown allows less friction and low ball spin, resulting in longer drives.

Height gauge allows for consistent tee depth.

Rigid Polymer Stake

Multi-Material Construction Allows Over 100 hits!

# 4 Yards More™ Golf Tee

"4 Yards More" Golf Tee is a reusable golf tee that will add more yards to your driving distance. The tee is designed with a rigid polymer stake and a dynamic elastomer crown. The body and individual fingers of the crown flex with the force of the drive to reduce resistance at impact.

# MARTINI Golf Tees

Martini Tees are made tall for today's larger club heads. The regular tee is 3 1/4 inches tall, and made of a proprietary polymer resin.

Independent laboratory testing proves that Martini Tees give you drives that are both farther and straighter, compared to wooden tees.
